“We hope that open, sincere, and civil dialogue in the study of diverse Christian moral traditions will help to reduce, if not completely remove, distrust and division within the body of Christ, contributing to the depoliticizing of rhetoric in our ethical discourse and to a better mutual understanding of people with different positions.”

## How Can the Church Navigate Today’s Ethical Issues?

Racism. Immigration. Gun Violence. Sexuality. Health Care.

The number of ethical issues that demand a response from Christians today is almost dizzying. How can Christians navigate such matters? What are faithful responses to these questions?

Edited by two theologians with pastoral experience, this volume draws on real-life experiences and offers a range of responses to some of the most challenging ethical issues confronting the church today. With an unflinching yet irenic approach, this resource can help Christians as they seek to act justly, love mercy, and walk humbly with God.
